Baylor University – Waco, TX

Baylor University: *Bachelor of Business Administration*

Expected Graduation: May 2026

Major 1: Management Information Systems (MIS); Major 2: Accounting

MIS Course Work GPA: 3.77; Overall GPA: 3.60

EXPERIENCE & ACTIVITIES

Ernst & Young (EY) – Los Angeles, CA

June 2025 – August 2025

Technology Risk Assurance Intern

- Evaluated and tested the design and operating effectiveness of over 10 different Information Technology General Controls (ITGCs) and application controls for a \$158 billion company via Integrated Audit (IA) procedures.
- Improved client information system security by over 15% by creating over 10 different flowcharts and process documents to identify, assess and recommend strategies to mitigate risks related to client technology implementation.
- Bolstered collaboration by 10% between 3 separate client engagement teams by assisting in engagement planning, organizing team meetings and ensuring the delivery of exceptional quality audit workpapers and documentation.

Google Data Analytics Program

Summer 2024

- Procured over 10 different technical skills by learning how to prepare, clean, analyze and present data analytics findings through using BigQuery, SQL and RStudio programming
- Learned 20 new calculations and programming codes through 15 different exercises in SQL and Spreadsheets
- Proposed a 15% increase for a fictitious bikeshare company's annual membership rate by creating a report through cleaning and visualizing over 700,000 rows of data through Excel Power Query

Island Pacific Seafood Market – West Covina, CA

June 2023 – August 2023

Accounting/Operations Intern

- Increased new store operational efficiency by 15% by eliminating over 35 inefficient store practices through operational data leveraging, and presented my findings to the COO and CFO
- Improved stock throughput by 5% through working with the Grocery Manager on conducting store walk-throughs to restock shelves before out-of-stock items occurred
- Proposed a 10% improvement in the Point-Of-Sale efficiency by utilizing produce vendor product codes during the checkout process over manual-input internally generated product codes

ACHIEVEMENTS

Alpha Lambda Delta Honor Society

Spring 2023 - Present

- Assisted in creating appreciation packages for almost 75 of Baylor University's faculty and janitorial staff
- Dedicated several hours of community service to the Baylor Campus Kitchen group by helping them clean and organize the Baylor Community Garden, the facility responsible for growing hundreds of pounds of produce that Campus Kitchen uses for food insecurity alleviation projects

Fullerton Service League of Boys

Fall 2019 – Summer 2022

- Provided for the less fortunate by constructing over 50 Thanksgiving food boxes of donated canned goods and drinks from the public
- Prepared and facilitated fun activity days for 60 immigrant children seeking refuge in America under Crittenton Services

Baylor Distinction Award Scholarship

- Awarded \$12,000/year for academic performance and maintaining 3.0 minimum cumulative GPA
